

## Have you ever been told you have Low-Bone Mineral Density?

- **Have you gone thru Menopause?**
- **Do you have thin and weak bones or already have Osteoporosis?**

If this sounds like you, we are now enrolling subjects in an exciting study to evaluate a new medical treatment for the condition of Osteoporosis.

The study will for about 12 months.

If you qualify, you will receive a free evaluation for your symptoms including blood tests and dexa scans. You will also receive free medications. Finally, you will receive financial compensation for you time.

If you are interested in learning more, please call
