

Vaginal Discomfort/Dryness

Wishing things were like before menopause?

Does feminine dryness or burning, urinary discomfort or pain during intercourse keep you from enjoying like the way you used to?

Tacoma Womens Specialist's is conducting an investigational drug to treat these feminine symptoms.

Financial compensation for your time and travel may also be available.

So, stop just wishing! If you are post –menopausal, at least 30 years old and not using any type of hormone therapy, call today to see if you qualify.

If you qualify for this study you may receive free:

- **Confidential study-related medical exams**
- **Mammogram**
- **Study medication**
