

Cramps and Painful Periods

Do you suffer from cramps during the month and have painful periods?

Are you 18 – 45 years old?

Are you a non-smoker?

Have you tried other treatments?

If this sounds like you, we are now enrolling subjects in an exciting new study to evaluate a new medical treatment for the condition of Pelvic Pain.

The study will last for about six months.

To qualify, you will receive a free evaluation for your pain including blood tests, vaginal ultrasound, and an endometrial sampling. You will also receive financial compensation for your time.

If you would like to find out more,
